SPELLING BEE

On 20.04.2013 was held school round of the competition SPELLING BEE. Hristo Nikolaev is the winner. The second place was taken by Stanislav Kirilov Kirov, the youngest participant. They will take part in regional competition on the 20-th April 2013. National round of the competition will be held on May 11, 2013 at the Hilton Hotel, Sofia. Spelling Bee is a traditional American competition in which contestants spell different words in English. 5,500 students aged 9 to 14 competed in 236 schools in the country during the week from 18 to 23 March 2013. Participants were prepared in advance to a list of 500 words from the beginning of December.

The aim of the competition is to increase interest of students learning English and improve their knowledge through fun and interactive initiatives. In Bulgaria this competition takes place for the first time in 2011 with the idea of volunteers from the Peace Corps.

Winner of last year competition was twelve-year-old Rumen Stefanov Dimitrov - Friedrich Schiller School, the town of Ruse.

Competition process can be seen on www.spellingbee-bg.com and the page in Face book / Bulgarian National English Spelling Bee.

We are already literate

First graders have already said goodbye to their ABC book and welcomed Reader.

To share their joy that they are already literate, they invited the most beloved people to the party in the Puppet Theater. There they showed how much they know about sounds and letters. On the stage they made words and sentences. With their knowledge, the children of the first grade managed to help Charlie, the little otter, learn letters and reading. Together with the lovable hero, the play was a great fun. Guests supported enthusiastic first graders with applause. Parents greeted the little pupils and wished them success.

World Water Day and students from class 2 c

On March 22-nd, students of class 2 c visited the office of the River Basin Management Water - Plovdiv and participated in open lesson on the occasion of World Water Day. Children divided into groups, participating in games acquainted with sources of water pollution and means of its preventing, painted and showed excellent knowledge on the topic. Students expressed their willingness and readiness to take part in this type of occupation again.
